

CONCEPT NOTE

to the PRO-PLANTEURS Matching Fund

Format version 14.07.2021

This document is based on the application format for PPP projects financed by the BMZ.

PRO-PLANTEURS is a joint project of

To be filled out by the applicant(s):

Project Title:	
-----------------------	--

Country:		Estimated duration of project:	
Region:			

Presented by:	<i>Name, full address and legal form of the applicant.</i>
Contact person:	<i>Main contact person, telephone, e-mail...</i>

Estimated project budget¹	
Project total budget	EUR
Contribution of the applicant(s)	EUR
Contribution of the Matching Fund ²	EUR
Planned third-party contribution (if relevant)	EUR

¹ *Funding principles: Commercial partners: 50% Matching Fund Grant & 50% GISCO member(s) ; Non-profit partners: 75% Matching Fund Grant & 25% GISCO member(s)*

² *The contribution of the Matching Fund shall not exceed 120.000 EUR per project*

The context – problem analysis

Briefly explain, in a layperson's terms, the key development challenges the project idea is addressing

Project idea - objective, indicators, target group, activities, outreach

Briefly describe the concept of your project idea

- . What is the projects objective? (project objective)*
- . What are the key results of the project? (indicators) name 2 – 3 indicators (quantify as far as possible)*
- . What activities will be carried out to achieve the objective and results? (activities)*
- . Who is the target group? How big is the target group?*
- . Where in Côte d'Ivoire will the project be carried out?*
- . How long will this project last and When is it scheduled?*

Potential addition partners and implementers

Briefly describe and present possible partners and project implementers

Potential contribution of the Matching Fond

Briefly explain, what kind of contribution you would request from the Matching Fund

Contribution of PRO-PLANTEURS and GISCOs objectives

Please name contribution to (selected) objectives of PRO-PLANTEURS and GISCO and fill out the annex for the selected objectives

Annex: Contribution to the objectives of PRO-PLANTEURS and GISCO

Within its second call of July 15th, 2021, the Matching Fund of PRO-PLANTEURS will provide a stronger focus of proposed projects on GISCO's objectives 1, 4 and 5 (highlighted below)

PRO-PLANTEURS' objectives

PRO-PLANTEURS' OBJECTIVES	Contribution of the project to the objectives of PRO-PLANTEURS
Producer families in the project area improve their socio-economic living conditions and contribute to the conservation of natural resources.	
Strengthened producer cooperatives provide services to their members, including measures against child labor.	
Professionalized agricultural producers, who are member of cooperative societies, have improved their skills as entrepreneur and are applying practices of sustainability and agricultural diversification	
Enhanced cooperation between actors of the cocoa value chain promote synergies for the benefit of all participants, through integrated projects.	
Knowledge management and exchanges between the actors in the value chain contribute to the dissemination of good practices and innovative approaches.	

GISCO's objectives

German Initiative on Sustainable Cocoa Objectives	Contribution of the project to the objectives of GISCO
To improve living conditions of cocoa farmers and their families and to contribute to a secure living.	
To conserve and protect natural resources and biodiversity in cocoa producing countries.	
To increase cultivation and commercialization of sustainably produced cocoa.	
The German Initiative on Sustainable Cocoa pursues advocate for:	
1. Improved farm-gate prices, minimum price and premium systems as well as other income-generating measures as contributions to a living income (1) of cocoa farming households.	
2. improving the productivity of cocoa cultivation and the quality of cocoa.	
3. supporting governments and other stakeholders in the development of holistic regional agricultural programs in order to create alternatives to cocoa cultivation and thus counteract overproduction.	
4. Promoting the development and use of sustainable and diversified production systems, in particular agroforestry systems, which conserve natural resources as well as ending the application of hazardous(2) and/or unauthorized pesticides.	

<p>5. Ending deforestation and contributing to conservation of forests and biodiversity, and to reforestation.</p>	
<p>6. the abolition of worst forms of child labor in cocoa production.</p>	
<p>7. the enhancement of gender equality and improvement of opportunities for women and young people in the cocoa sector.</p>	
<p>8. enforcing compliance with human rights (implementation of the UN Guiding Principles on Business and Human Rights) and environmental aspects by all actors in the cocoa supply chain and contributing to the discussion on possible regulatory measures at EU level.</p>	
<p>9. the strengthening of governments, farmer organizations and civil society in the cocoa value chain in the producing countries.</p>	
<p>10. the entire cocoa in cocoa-containing end products sold in Germany to come from sustainable cultivation in the long term.</p>	
<p>11. a share of at least 85 % of cocoa in cocoa-containing end products sold by the producing members in Germany to be certified by sustainability standards or to be equivalently independently verified by the year 2025.</p>	
<p>12. promoting multi-stakeholder partnerships and collaboration for more sustainability, networking, sharing information and experience, learning from each other and reporting on progress in achieving objectives and applying best practices.</p>
